

Adding questions Recommendation

1. One thing i noted in csv file is sequence on question missing.
- 2.
3. While adding questions you can keep this on same page as

The screenshot shows a web interface for adding questions. It features a header 'Add Question' and a sub-header 'Question No. -1'. Below this, there are several sections for adding questions, each with a 'Question No.' and a 'Question Category'. Each section contains a 'Question Text' field, a 'Question Description' field, and a 'Question Options' field. The options are listed in a table with columns for 'Option 1', 'Option 2', 'Option 3', and 'Option 4'. The interface is designed to allow users to add multiple questions in a sequence.
